

# The key to finding peace amid market volatility

Trade wars. Tweets. Fed Policy. Interest rates. These are many of the excuses the financial media is giving for why the market is down. While this is causing angst among many investors, there is a key, which if understood, will allow anyone to find peace amid the volatility.

In today's podcast we discuss how the Oracle of Omaha, Warren Buffett, views risk. What he thinks of volatility, and what we at Iron Gate Global Advisors are doing to ensure our clients' portfolios are managed properly.

Here's to wise investing,
